

## COVID-Related Online Resources

**vaers.hhs.gov** (Vaccine Adverse Event Reporting System/VAERS): The site where you can report a mild to severe vaccine adverse event/reaction, vaccine injury, or a vaccine-related death. This is the official site of the U.S. Department of Health and Human Services (HHS).

**VaxxTracker.com**: After filing a report on the U.S. government's vaers.hhs.gov website (if needed), you can file another report on this site, which is an outside source vs. government. VaxxTracker.com was created by a group of NGO citizens concerned about potential risks associated with vaccinations. The VaxxTracker website acts independently from all government, pharmaceutical, or lobbying groups.

**MCTlaw.com/vaccine-injury/vaccinations/coronavirus-covid-19/**: Maglio Christopher & Toale, P.A. is one of the few law firms in the U.S. reviewing and representing people with COVID-19 vaccine injury claims. (Seattle, WA (888) 952-5242)

**ICANdecide.org**: An organization that provides support to individuals who have been injured by a COVID-19 experimental vaccine or to families who have had a loved one die after receiving a COVID-19 experimental vaccine.

**nvic.org** (National Vaccine Information Center/NVIC): An independent clearinghouse for information on diseases and vaccine science, policy, law, and the ethical principle of Informed Consent. NVIC is dedicated to preventing vaccine injuries and deaths through public education and advocating for Informed Consent protections in medical policies and public health laws.

**PhysiciansForInformedConsent.org**: The mission of Physicians for Informed Consent (PIC) is to deliver data on infectious diseases and vaccines; and unite doctors, scientists, healthcare professionals, attorneys, and families who support voluntary vaccination.

**InformedChoiceWA.org**: An organization that advocates for vaccine policy reform based on scientific integrity and individual health needs, promotes education regarding healthy immunity, and protects informed consent and medical freedom in Washington State.

**HealthyImmunityNow.org**: An organization that educates individuals on available treatment options for COVID-19.

**Covid19CriticalCare.com**: An organization created in March 2020 by a group of highly published Critical Care physicians and scholars to research and develop lifesaving protocols for the prevention and treatment of COVID-19 in all stages of illness. Their Ivermectin Protocol has saved thousands of patients who were critically ill with COVID-19.

**C19ivermectin.com:** A database of all Ivermectin COVID-19 studies. 93 studies with 54 peer-reviewed, and 56 with results comparing treatment and control groups.

**ivmmeta.com:** Ivermectin for COVID-19, a real-time meta-analysis of 56 studies.

**MyFreeDoctor.com:** Physicians who are trying to help as many people as possible during this challenging time, including those who are impoverished and/or those who cannot afford healthcare. Early multi drug treatment for COVID-19 at home saves lives. They are endorsed by the Association of American Physicians & Surgeons.

**aapsonline.org** (Association of American Physicians & Surgeons): A non-partisan professional association (since 1943) of physicians in all types of practices and specialties across the U.S. AAPS is dedicated to the highest ethical standards of the Oath of Hippocrates and to preserving the sanctity of the patient-physician relationship and the practice of private medicine.

**BudesonideWorks.com:** Many doctors around the world are using an inhaled corticosteroid called Budesonide (used with a nebulizer) to treat COVID patients successfully, in all stages of the disease.

**AmericasFrontlineDoctors.com:** A non-partisan, not-for-profit organization with hundreds of member physicians from around the U.S. that provides Americans with science-based facts about COVID-19, fights medical cancel culture and media censorship, and expands COVID-19 treatment options for all Americans who need them.

**C19hcq.com:** A database of all HCQ COVID-19 studies. 294 studies with 219 peer-reviewed, and 245 comparing treatment and control groups.

**PanData.org** (Pandemics~Data & Analysis/PANDAS): A multidisciplinary initiative seeking to inform policy that is related to the COVID-19 pandemic and lockdown. PANDA's technical team (actuaries, data analysts, lawyers, economists, and medical professionals) brings knowledge from various fields to evaluate the COVID response. PANDA aims to promote open science, and empower the public with accurate information thereby enabling individuals to exercise freedom of choice and preserve human liberties and free societies.

**WorldDoctorsAlliance.com:** An independent non-profit alliance of doctors, nurses, and healthcare professionals from around the world who have united to address some of the most urgent and important issues surrounding the COVID-19 crisis.

**Doctors4CovidEthics.medium.com:** Medical Doctors from around the world have united to communicate that the COVID-19 vaccinations are "Unnecessary, Ineffective, and Unsafe" and have urged the public not to take any COVID-19 vaccination.

**ukMedFreedom.org** (UK Medical Freedom Alliance): An alliance of UK medical professionals, academics, scientists, and lawyers who have found that the Government's response to COVID-19 is misguided and not based upon the best available scientific evidence.

**ACU2020.org**: The Extra-Parliamentary Corona Committee of Inquiry (ACU) was announced on May 31, 2020 in Stuttgart, Germany. The Corona Committee (organized by citizens for citizens) is committed to a well-founded, free, and broad education for all citizens. The information is provided internationally in different languages.

**ahrp.org** (Alliance for Human Research Protection/AHRP): An organization that was created by Vera Sharav- a Holocaust Survivor, Human Rights Advocate, and Expert in BioMedical Research Ethics.

**mamm.org** (Millions Against Medical Mandates/MAMM): A coalition of physicians, nurses, researchers, scientists, lawyers, journalists, nutritionists, parents of vaccine-injured children, citizen activists, and organizations who are working together to prevent Medical Mandates.

**StandForHealthFreedom.com**: A nonprofit organization dedicated to protecting basic human rights, constitutional rights, and parental rights.

**LatinosForMedicalFreedom.org**: A grassroots organization committed to advancing the health and well-being of Latino communities in California and beyond.

**OrganicConsumers.org**: An online and grassroots nonprofit public interest organization that is focused exclusively on promoting the views and interests of the nation's consumers of organically and socially responsibly produced food and other products. The website also has a COVID-19 tab on the pull-down menu with information on specific COVID-19 related topics.

\*\*\*If you cannot find these websites using Google due to Big Techs ongoing censorship and suppression of critical and life-saving COVID information, then please use the DuckDuckGo search engine or another preferred search engine.
