

CONSTRUCTIVE NOTICE SUMMARY

Separation of Powers Doctrine (refers to the division of government responsibilities and functions).

Only the legislature can make laws. WA governor Inslee and Chief Medical Officer Dr Kathy Lofy or not part of legislature. If laws are created (by legislature) they have RCW codes and WAC codes connected to them. Thus:

Mandatory/Emergency/Required/Requested/Ordinance/ Proclamation=NOT A LAW

RCW(Revised Code of Washington). . . . WAC(Washington Administrative Code)

The Non-Delegation Doctrine (refers to the fact: If you don't have the power to do something THEN you don't have the power to delegate it to someone else).

WA governor Inslee and Chief Medical Officer Dr Kathy Lofy, neither of which have the power to issue law CANNOT give the power to the Employers to Mandate, Require, Order a unapproved experimental vaccination as a condition of employment.

RCW 18.130.190 and RCW 2.48.180

1. Employer who gives you False Legal Advice is subject to being charged with and prosecuted for "unauthorized practice of law"(RCW 2.48.180)
2. Employer who gives you Medical Advice is subject to being charged with and prosecuted for "practicing medicine without a license"(RCW 18.130.190)

Doctrine of Informed Consent

Other section discusses "INFORMED CONSENT" which is the Mountain Size legal term that really secures our freedom to choose what we have done to our body. The two words "Informed" and "Consent" say it all. All doctors must provide informed consent before offering any medical treatment or surgery. Pharmacists even perform a kind of informed consent before they complete the sale of a prescribed drug (often this comes with the package insert).

What is required for "Informed Consent"

1. **Inform:** Dr must inform the patient of all risks, dangers and benefits of the supposed medical treatment or surgery AND. . . . AND. . . the risks, dangers and benefits of other alternative treatments/surgeries.
2. **Consent:** The doctor must get your consent (your acceptance) to move forward with the treatment/surgery. "Informed Consent" cannot be contaminated in the slightest way by coercion (Rewards and/or Punishments (physical/emotional or financial)).

Liability for Damages: The WA leadership is leaving the burden of vaccine mandate enforcement to employers. WHAT COMES WITH THIS IS? **LIABILITY!!!** WA leadership is doing this to shrug off responsibility/liability.

1. Vaccine Companies have immunity from vaccine damages.
2. If employer requires their employees to get vaccinated as a condition for employment A VACCINE INJURY=WORKPLACE INJURY.
3. Workplace injury not covered by L&I insurance because its an experimental vaccine, leaving employers open to SERIOUS litigation. This worse case liability MUST be teased out before moving forward with co policy.
